have finally 'lifted off'. Just as the law of attraction is simply pointing out that you are influencing the things you see or think about or feel or feel like doing, so the law of breakthroughs describes the moment when you lift off into success. Sometimes success stories come with dramatic headlines because people are ready for a big change. Other times it takes a few different steps along the road to success for people to become empowered, to finally feel that strong sense of achievement and to start taking action in their lives. That's the beauty of creating your own life story. You have the power to turn your dreams into the reality of your life, the status of your personal success. Here are some of the most common breakthroughs that can allow you to take the next step towards achieving something new and extraordinary in your life. These breakthrough moments are so important because they represent the first steps of taking action towards achieving your goals and dreams. Making a change in your life - The breakthrough This is the light bulb moment in your life when you suddenly become awake and aware that you have to make a change in your life. You know it's time to get up and do something because you can see that your life isn't going the way you want it. It's time to start taking action to make the change that you want. This moment can come in many different ways. For example, the light bulb
